

Cashmere Collaborative

Four of our S3 Fashion & Textile pupils have been involved in The Cashmere Collaborative. The collaboration, which is the first of its kind, brings together school pupils, Heriot Watt students, Sinclair Duncan and DYW Borders.

Since the launch of the project in October the pupils have been working to develop their theme and design ideas, whilst also learning about the textile industry with visits to Selkirk Weavers and Scofields Dyers and finishers. They also had the opportunity to work with Jenni and Erin who are textile design students at Heriot Watt.

On Tuesday 11th February Nell Green, Rohan Bell, Rose Grant, and Ella McRae presented their final scarf designs to a panel of judges at the Sinclair Duncan studio in Galashiels. They have been chosen as the winners of the Abbotsford House scarf design. The girls chose the theme “Abbotsford at Night” and the winning scarf design will now be made and sold in the shop at Abbotsford House.

Scottish Schools Indoor Athletics Championships

On 5th and 6th of February, Earlston High School was represented by a group of athletic individuals at the Scottish Schools Indoors Athletics Championships. Earlston High School took part in multiple events, ranging from Over 16s 60m sprint to the Under 16s Long Jump. The representatives achieved great success and many of them reached the semi-finals and excelled in their respective fields. Well done to all involved and especially to Ewan Purves who reached the final of the Over 16s 400m, finishing 6th.

Time to Talk Day

On Thursday 6th February students were afforded the opportunity to talk to friends, teachers and SeeMe Mentors at lunch time. The Time to Talk event was greatly successful in getting students from all years, S1-S6, to talk about their mental health. Pupils took part in a fun quiz and it has encouraged more open conversations between friends, and helping people realise the importance of sharing their emotions.
