QR Code to Parent Portal

Use this if already have MyGovscot account

How can I start using Parents Portal?

Parents Portal is ready for you to use, all you need to do to link to your child is

- Create an mygovscot account (If you don't already have one, use the left hand QR code above)
- If you already have a mygovscot account, use the QR code on the right.

What are the benefits of Parents Portal

- **Centralised Communication:** Parents Portal will serve as a single hub for all communication between parents/carers and schools. It will replace the many ways that are currently used, such as schoolbag mail, paper mail, and eventually telephone and email. This will streamline the process and ensure that you receive all information in one place.
- **Access to Online Services:** Parents Portal will offer a growing suite of online services, including the ability to view and update your child's information through the annual data check, give permission for various trips and activities, and receive notifications about school events and activities. It will also allow you to link to ParentPay and other useful services and websites.
- **Enhanced Engagement:** By providing a centralised platform for communication, the Parents Portal will make it easier for you to stay informed and engaged with your child's education. You will be able to participate more actively in school activities and stay up to date with your child's progress.
- **Paperless Communication:** Parents Portal will reduce paper-based communication, making it an environmentally friendly option. You will be able to access all information electronically, which can be easily stored, retrieved and revised as needed.
- **Flexibility and Convenience:** The portal is designed to be flexible and user-friendly, allowing you to access it from any device, at any time. This means you can stay connected with your child's school even when you are on the go.

And don't forget there is an app! Go to your app or google store to download

If you have any issues with linking to your child, please contact your school office.
