### School Uniform – Session 2021/22

In preparation for next session, I thought it would be useful (before you go shopping) to share with you a guide to our school uniform policy for session 2021/22.

Should you have any financial difficulties with school uniform, please contact your child's guidance teacher and we will sensitively and discreetly try to support you.

## ***We need your help and support!***

We have a busy new session ahead, and we really want to avoid spending time dealing with issues regarding school uniform. We have an agreed policy and is important we all help our young people to adhere to this.

I need every parent/carer to support us in ensuring we have the highest standard of school uniform. This prevents the pressure on our young people to wear the latest fashions and is in keeping with the high standards we want to ensure at Earlston High School.

At the request from some parents/carers/pupils I have attached a few **pictures** to help with the shopping trip!

Below are a few examples of clothing that **are not** school uniform:
