

Dear Parent/ Carer/ Student,

Earlston High School has recently started to use the online homework tool, 'Show My Homework'.

This app replaces a student's paper planner with an iPad version. It allows parents, teachers and students to share an overview of your child's progress with their work. Each student has access to their Show My Homework account through the app on their iPad.

Parents also have an account which will allow you to view the full details of your child's upcoming, completed and overdue homework tasks allowing you to provide the necessary support for your child. You can log on to this via an app on your phone or via a computer through the school website.

It is important to set up your parent account so that you can support your child with completing work at home. Your parent code will be separately sent through an email in the next day. Contact the school if you don't get this email.

This code will expire in 3 months but it can be used to create up to 5 parent/guardian accounts. After logging in for the first time, you will be asked to provide an email address or username and password that can be used as your login for Show My Homework from then on. These details will also work on the Show My Homework Parent App.

For parents getting started is simple:

1. *Go to showmyhomework.co.uk/signup or open our mobile apps*
2. *Enter the code provided above*
3. *Follow the on screen instructions, making sure you use an active email address*
4. *If you already have an account, go to the Edit Profile section of your account and enter this code into the box to link to this student*

Students can access 'Show My Homework' either the SMHW icon on their iPads or via the website.

1. *Press the SMHW app on the iPad screen*
2. *Click on 'Sign in with RM unify'*
3. *Enter your usual Glow login and password*
4. *You will then see HW assignments*
5. *Your teachers will continue to set work and give feedback using Microsoft TEAMS.*

For any technical support please contact the Show My Homework Support team by visiting the Support page on help.showmyhomework.co.uk

Yours sincerely
