

Study Support at Earlston High School

February – April 2022

Students are expected to use their 'Learning Log' to plan their own study in conversation with their teachers. You can find this in the Teams section of ipads /devices (Whole School Team) and use it to support them at home.

- Many departments offer **study support** in their own time and using this may be part of planning. Here is the study support timetable to allow students to plan ahead. It can change depending on teachers' availability.
- A **revision plan** has come out in February ready to start after the February break.
- Many departments are also offering an **immersion day**, where appropriate, immediately before the exam to take students through the course one last time. This does not replace regular revision, using the revision plan starting from around the February break. We will let you know the immersion day programme in April.

Day	Subject / Level	Time/ Room	
Monday	RMPS N5	Monday lunch, SS10	
	Geography N5	Tuesday lunch SS7	
	Modern Studies N5	SS7 after school
